

Match the number to the word.

0	three
1	nine
2	four
3	one
4	six
5	seven
6	zero
7	five
8	ten
9	eight
10	two

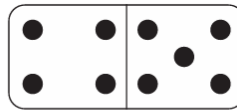

Use the dominos to complete the additions.

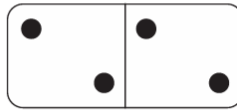

$$\square + \square = \square$$

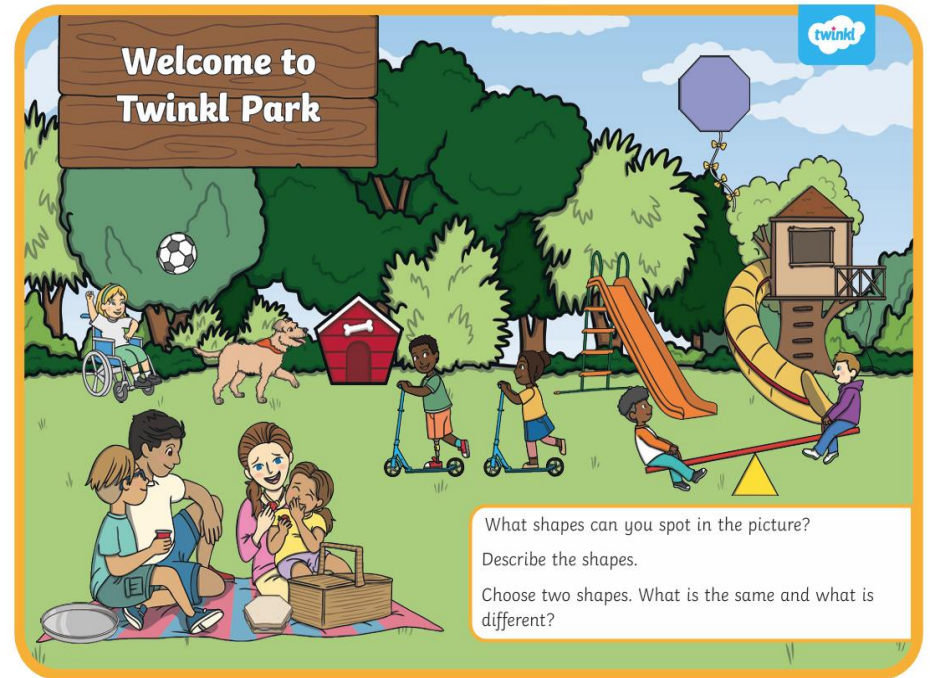

$$\square + \square = \square$$

$$\square + \square = \square$$

$$\square + \square = \square$$

What shapes can you spot in the picture?
Describe the shapes.
Choose two shapes. What is the same and what is different?

How many of each shape can you see?

In our history lessons, we have been learning about Louis Braille. We went on a walk around the school and found lots of braille on the signs and doors. Can you find any braille in your local area? Make a list on the back of this sheet if you can find any.
