Question			

Label the number lines below.

Can you think of a synonym for each word?

1. Happy
2. Tired
3. Run
4. Angry
5. Big

Multiplication

X	1	2	3	4	5	6	7	8	9	10
1										
2										
3										
4										
5										
6										
7										
8										
9										
10										

- On the place value grid below, draw counters to represent the number 4,805

Thousands	Hundreds	Tens	Ones

- Then, can you use the grid to help you work out 10 less than 4,805.

(Remember - you will need to exchange and there are ten 10s in one 100)

- 4,805 - 10 =
