Reasoning

A supermarket is selling bakes beans.

On Monday, they have 324,568 tins in stock.

On Tuesday, 11,641 tins are sold.

By Sunday, they have sold 210,635 more tins.

How many tins do they have left in stock?

Multiplication

- | | |
|------------------------|-----------------------|
| $7 \times 2 = \quad$ | $7 \times 7 = \quad$ |
| $8 \times 12 = \quad$ | $5 \times 6 = \quad$ |
| $4 \times 4 = \quad$ | $12 \times 8 = \quad$ |
| $6 \times 3 = \quad$ | $5 \times 10 = \quad$ |
| $9 \times 7 = \quad$ | $95 \times 1 = \quad$ |
| $11 \times 11 = \quad$ | $0 \times 42 = \quad$ |
| $24 \div 6 = \quad$ | $24 \div 2 = \quad$ |
| $18 \div 3 = \quad$ | $77 \div 1 = \quad$ |
| $25 \div 5 = \quad$ | $45 \div 45 = \quad$ |

Time

Work out the date of each child's birthday using the clues below.

Ben: "My birthday is 2 weeks before Isabella's."

Rio: "My birthday is 10 days before Ben's."

Tia: "My birthday is 4 days after Rio's."

Isabella: "My birthday is 3 days before Christmas Day."

Ben
Tia
Rio
Isabella

Rounding

Round **2,476,291** to the nearest:

- a) 1000
- b) 10,000
- c) 1,000,000
